Lee County Sheriff's Office

Three-Day Integrated Training

This comprehensive Instructor Training teaches the integrated use of the three most commonly used duty belt tools: baton, handcuffs and lights. AIC students participate in a demanding progression of classroom and fast-paced physical training, covering both the principle and practice of different baton strikes, handcuff and flexible restraint application, and tactical flashlight use. This intense course includes multi-use drills, general tactics and expert support in case of litigation. You do not have to carry an ASP Baton, Handcuffs or Flashlights to attend.
